

### **REMARKS**

In the Notice of Omitted Item(s) in a Nonprovisional Application mailed February 17, 2004, it was noted that Figure 6 had been omitted. The drawings are properly numbered Figure 1, Figure 1a, Figure 2, Figure 3, Figure 4 and Figure 5. However, the numbering of the drawings in the section entitled "Brief Description of the Drawings" fails to list Fig. 1a. This section of the specification should now be numbered to correspond to the drawings, namely 1, 1a, 2, 3, 4, and 5. In addition, Applicant has included a replacement paragraph for paragraph 23 to correct the misnumbered drawing.

### **CONCLUSION**

In view of the foregoing, Applicant believes that the amended specification should correct the defect that the Patent and Trademark Office found.

Should the Examiner wish to discuss any of the proposed changes or any other issue regarding this response, Applicant invites him/her to do so by telephone conference at his convenience.

Respectfully submitted,
